

วิธีลบแชนและคุกกี้บน Browser Mozilla Firefox

1. ไปที่ด้านบนของ ให้คลิก "เพิ่มเติม"  จากนั้นเลือกที่เมนู Preferences

2. ทางด้านซ้ายเลือกเมนู Privacy & Security

The screenshot shows the Firefox Privacy & Security settings page. On the left, there is a sidebar with navigation options: General, Search, Privacy & Security (highlighted), and Firefox Account. At the top right, there is a search box labeled "Find in Preferences". The main content area is titled "Browser Privacy" and is divided into several sections:

- Forms & Passwords:** Includes a checked checkbox for "Remember logins and passwords for websites" with an "Exceptions..." button, an unchecked checkbox for "Use a master password" with a "Saved Logins..." button, and a "Change Master Password..." button.
- History:** Features a dropdown menu for "Firefox will" set to "Remember history". Below it, text explains that Firefox will remember browsing, download, form, and search history, and keep cookies. It also provides links to "clear your recent history" and "remove individual cookies".
- Address Bar:** Includes the text "When using the address bar, suggest" followed by three checked checkboxes: "Browsing history", "Bookmarks", and "Open tabs".

At the bottom left of the sidebar, there is a "Firefox Support" link.

3. ในส่วนของหัวข้อ Cached Web Content คลิกที่ Clear now

The screenshot shows the "Cached Web Content" settings page in Firefox. At the top right, there is a search box labeled "Find in Preferences". The main content area is titled "Cached Web Content" in a red box. Below the title, it states "Your web content cache is currently using 0 bytes of disk space" and has a "Clear Now" button. There is an unchecked checkbox for "Override automatic cache management". Below that, there is a "Limit cache to" field with a value of "350" and a "MB of space" label.
