

Ramkhamhaeng University Declaration  
on Honest Intention in the Administration of Ramkhamhaeng University

---

Ramkhamhaeng University (RU) would like to announce its honest intention to administer the university in accordance with the principles of good governance in which its operational transparency can be thoroughly verified. RU is ready to take responsibility for obtaining the confidence of society through steadfastly resisting all forms of fraud, corruption, and graft. Its ineradicably deep-seated intention is to show that it shall be a “snow white” university sustainably evincing transparent virtue without fear or favor. To this end, the following steps shall be taken.

1. All steps in work permanence must be based on strict adherence to explicitly promulgated laws, rules, and provisions. RU also promotes the performance of work by RU personnel in accordance with these laws, rules, and provisions.
2. Awareness of the value of resisting fraud, corruption, and graft should be instilled in all those associated with RU. Personnel must learn to distinguish between private and public benefits in view of the urgent need for morally aware personnel to prevent corruption in work groups. They will be effective because of their strength of mind. This will be conducive to RU personnel becoming fully conscious of the deleterious effects and dangers of corruption not only at the university but also in the nation taken as a whole. This in turn should lead to a culture of resistance to corruption.
3. RU personnel must not accept corrupt behavior and must not tolerate dishonest actions leading to social penalties (social sanctions). This will ensure that they will be ashamed and afraid to commit corrupt and venal actions.
4. It is of paramount importance to foster a conscious awareness in RU students of the extremely deleterious effects of corruption and to teach them to resist all of the stark evil caused by fraud and venality.

This announcement shall be effective from December 29, B.E. 2559 onwards.

Assistant Professor Wutisak Lapcharoensap  
President of Ramkhamhaeng University
